part of the Dominion in 1871. In we propose. The Government has conse will be, by the first of July next, there will be no doubt. Between that date whom popular rights depend. and the beginning of 1872, there will here to be six members elected to represent British Columbia in the House of Commons. To effect that end the Colony CARIBOO MARKET will have to be divided up into parliamentary districts, and a qualification fixed for voters. Now, neither of those two Beef and Pork Butchers things have been done, nor has it been expressed in the terms of Confederation who will have the right to do so. The clience of the terms on this question vests the power, however, with the Dominion Government. If it had been expressed Hotels Restaurants Shine unadulterated Hotels Restaurants Shine unadulterated Hotels Restaurants Shine unadulterated in the terms that the local government should have the power to fix the qualifition of electors entitled to vote for members of the House of Commons, and that it | ROM AND AFTER THIS DATE, JOH should hold that power till a general law was enacted for the whole Dominion, it should have been much better. In the Mantiba terms, the qualification of voters for the first election of members to the House of Commons has been made the same as the qualification of electors entitled to vote for members of the local egislature of that province. In Ontario, Quebec, and the Maritime Provinces. the electoral districts have been fixed by the Organic Act, but the qualification of electors is the same for electing members the House of Commons as it is for electing members to their respective local legislatures, and will remain the same till a Franchise applicable to the whole Dominion shall have been enacted. I will, therefore, be seen that British Columbia is the sole exception—the only province that is placed entirely at the mercy of the Domision Government, as to the pature of the Franchise. Now, this nestion is no small or trifling matter. Neither is it one that the next Council can afford to pass over in silence. The very least that ought to be done in order to insure a full and fair expression of opinion of the country at the election of members for the House of Commons, would be to insert a prothat the qualification of voters for me bers of the House of Commons shall be the same as for the local Parliament, until a general act shall have been passed. This, at least, would place British Columbians on an equality with the other Provinces. More than that, it would be far better. In fact, the system that prevails in the States of allowing Fast Freight to Cariboo. each State to fix the qualification of voters, would, with a few slight modifi-cations, be preferable for the Provinces to an uniform franchise, if the uniform franchise were likely to be leasehold and freehold, instead of registered residential manhood suffrage. Each Province does not possess such a privilege. Neither does it seem likely that they will get it. But the very conservative francuise of Ontario and Quebec is not likely to supersede the more liberal franchises of the Maritime Provinces. The popular discontent that would arise in the Lower Provinces—in fact, the feeling that has already arisen in New Brunswick egainst the attempt made last year in the Dominion Parliament to enact an sufferm franclise on a household and freehold basis, is the best guarantee that we have that we shall contime to have a liberal qualification for electors for a time. It must be very apparent to any one that if the qualification of electors were confined to households of electors were confined to households and freeholds, in all probability not one-fourth of the entire male population of the Colony would be entitled to a vote. The consequence would be a very great deal of dissatisfaction. The disquantied class would make its voice felt through the local legislature, and by divers other ways, and would do much to render union with Canada very unsatisfactory. Hence, in view of the lasting content ment of the people on this question, it is desirable that some guarantee be given of the continuance of the liberal franchise that we now enjoy.

Election Over.

The general election is over at last, and the returns from the constituencies have been received. Seventeen candidates took the field,-eight have been defeated and nine elected. In every district there was a contest, except in Victoria District. The list of successful and successful candidates is as follows :

Victoria District-DeCosmos, elected without opposition. Victoria City District—Nathan and Helmcken elected; Nichelson and Carey defeated, New Westminster District—Nelson, elected; Armstrong, defeated. Nanaimo District—Benster, elected; Robson, defeated. Cariboo District—Dr. Carrall, elected; Booth, defeated. Kootenay District—Skiener, elected; Jessop, defeated. Yale District—Cornwall, elected; Smith, defeated.

As soon as all the returns shall have received by government, we shall no doubt hear who the Government nominees in the Council will be, There will at least be four official nominees; Secretary Hankin, Surveyor General Trutch, Atterney General Philipo, and Collector Hamley. Whether the other two nommees will be officials is still unknown to

unofficial and irresponsible nominee can-not. By all means give us nominees who have some degree of dependence on the people, if it be only for their salaries. As it is, the new Council, with Helmeken and Carrall in the Executive, stand eight Nobody now-a-days questions the found consistent supporters of the certainty of British Columbia becoming Government no matter what it may

PR. CHING FUN-A CaRD-EDITOR
STANDARD:—Through the medium of your
paper I want to state the very great good that has been
done me by Dr. Ching Fun of this city, nxet door Kwong
Lee 2 Co. For 24 years I anfered with neutralgia on
the brain, which buffied the skull of three first-class
American physicians. Latterly bronshitis attacked my
right lung, and my eyes be ame awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. thing Fun, and after five months
treatment I am a well man and feel that I cannot sound
the eminent Chinese gentleman's praises too loudly, so
that all my countrymen similarly affected may visit him
and find relief, Kespectfully,
